

Call for Papers

The 7th Japan-China-Korea Joint Workshop on Fluid Power — New Frontier of the Future for Fluid Power —

Date: Wednesday, June 18th, 2025

Venue: Kikai Shinko Kaikan, Tokyo JAPAN

(3-5-8, Shiba Koen, Minato-ku 105-0011 Tokyo)

New results on fluid power will be discussed face to face. Only the extended abstract is required!
You can also participate in the domestic conference starting the next day, 19th-20th.

Scope

- Application of control theory
- Aqua drive and water hydraulics
- Cavitation and fluid mechanics
- Components and systems
- Construction, mining, and agriculture
- Energy saving and clean energy
- Functional fluids
- Medical and welfare equipment
- Micro/nano machines
- Robotics and mechatronics
- Simulation and modeling
- Tribology, seals, and contamination control

Important dates and participation fee

Deadline for Extended abstract submission: January 24, 2025

Notification acceptance: March 28, 2025

Joint Workshop: June 18, 2025; JPY 19,000 for the participation fee

Steering committee

Prof. Kazuhisa ITO, Shibaura Institute of Technology (Japan),

kazu-ito@shibaura-it.ac.jp

Prof. Songjing LI, Harbin Institute of Technology (China),

lisongjing@hit.edu.cn

Dr. Saeryung CHOI, Korea Construction Equipment Technology Institute (Korea), csr@koceti.re.kr

Extended abstract submission

Extended abstract can be submitted to each steering committee member above due to January 24, 2025. The template is available from [here](#).
